Completely Made Up Horoscopes

ARIES (March 21 to April 19) The spiders in the Crestview computer lab laughed at my paper. They be squished now.

TAURUS (April 20 to May 20) How can you be philanthropic sitting on your behind, rocking in a chair, watching a movie?

GEMINI (May 21 to June 20) It's kind of depressing to learn a mid-level gang leader in Chicago gets paid better than you.

CANCER (June 21 to July 22) Does the Easter Bunny in the mall talk? There's something wrong with a giant bunny talking — and giant bunnies.

LEO (July 23 to Aug. 22) I guess there are some things a prostitute won't do. That's why there's marriage.

VIRGO (Aug. 23 to Sept. 22) Don't you love the sound of tiny frogs crunching under your shoes? Me, too.

LIBRA (Sept. 23 to Oct. 22) Living in fear of your balloon popping is no way to live your life.

SCORPIO (Oct. 23 to Nov. 21) Marry rich because it's easier to love a rich person than a poor person.

SAGITTARIUS (Nov. 22 to Dec. 21) Poor? Try adopting a Freegan livestyle. Yum, Dumpster dining.

CAPRICORN (Dec. 22 to Jan. 19) Lo-mein killed my grandmama. It will kill you, too.

AQUARIUS (Jan. 20 to Feb. 18) My goal in life is to be the Mike Whitpan of IU Southeast. What? Nevermind.

PISCES (Feb. 19 to March 20) My fortune cookie says, "How can you have a beautiful ending without making beautiful mistakes?" What the heck does that mean? I think I am insulted in some way. I believe I will find a lawyer and sue.
