Completely Made-Up Horoscopes

ARIES (March 21 to April 19) There will be times in your life when you will search for guidance. During those times, simply ask yourself, "What would SpongeBob do?" The rest will take care of itself.

TAURUS (April 20 to May 20) There are two types of people in this world. If you need to ask what they are, you're the first type. All the cool kids are the second type.

GEMINI (May 21 to June 20) I'm not exactly sure what "dolphin eggs" are, but I wouldn't eat them if I were you — dolphins are mammals.

CANCER (June 21 to July 22) There is nothing in this world that bacon cannot make better. Headache? Bacon. Divorce? Bacon. Failing grades? *Bacon*.

LEO (July 23 to Aug. 22) If a cheerleader had to use the pompons of a dance-team member, would anyone notice? Good luck sleeping tonight.

VIRGO (Aug. 23 to Sept. 22) Chocolate Rain. Some stay dry and others feel the pain. Chocolate Rain. A baby born will die before the sin. Chocolate Rain. The school books say it can't be here again.

LIBRA (Sept. 23 to Oct. 22) If you are wondering where all the trees went, we have a theory — aliens. I bet it was those nasty gray ones, too.

SCORPIO (Oct. 23 to Nov. 21) Do you know what this campus needs more of? Crazy naked people attacking students with Tic-Tac boxes. Think about it.

SAGITTARIUS (Nov. 22 to Dec. 21) This comes straight from Taco Bell Headquarters — the next Big Bell Value Menu item will be a handful of taco meat. They're running out of ideas.

CAPRICORN (Dec. 22 to Jan. 19) Let's all make a pact: if someone better doesn't come along in the next month, let's vote for Dennis Kucinich, even if he isn't nominated. Agreed? Good.

AQUARIUS (Jan. 20 to Feb. 18) Did you know you can take a double roll of toilet paper and make two separate rolls? That's a college education for you.

PISCES (Feb. 19 to March 20) Pisces, since you are last, you get nothing. Now go away.
