Completely Made-Up Horoscopes

ARIES (March 21 to April 19) Guinea pigs taste like rabbit. That's good to know.

TAURUS (April 20 to May 20) I'm not saying Sean Hannity is evil, I'm saying Sean Hannity and evil are the same. See the difference?

GEMINI (May 21 to June 20) Ah, the warm, soft squishiness of home!

CANCER (June 21 to July 22) I personally believe Al Gore created global warming — not the term, but actual global warming.

LEO (July 23 to Aug. 22) So, why are your problems my problems, too? Go find another of your kind to bother.

VIRGO (Aug. 23 to Sept. 22) I think it is finally happening — I may actually care! Nope, it was gas. Excuse me.

LIBRA (Sept. 23 to Oct. 22) Did you know every color of crayon tastes the same? Well, you will.

SCORPIO (Oct. 23 to Nov. 21) Everyone seems to have a "crap your pants" story, but yours will be unique this week.

SAGITTARIUS (Nov. 22 to Dec. 21) The short cut through the woods will not be short, mostly because there are no woods around here.

CAPRICORN (Dec. 22 to Jan. 19) If you think about it, the difference between ice fishing and regular fishing is the attitude of the fish. Think about it.

AQUARIUS (Jan. 20 to Feb. 18) You didn't think about it. Go back to Capricorn and try this time.

PISCES (Feb. 19 to March 20) Wait, were you talking to me? I heard a noise, but it sounded like a little girl whining, so I thought it was a little girl whining.

BORN THIS WEEK: Hillary Rodham Clinton and "Weird" Al Yankovic. There's a connection there.

BUG!

'Every normal man must be tempted at times to spit upon his hands, hoist the black flag, and begin slitting throats.'
