Completely Made-Up Horoscopes

ARIES (March 21 to April 19) If everyone who went to the party had a good time but you, maybe you didn't attend the same party.

TAURUS (April 20 to May 20) There is something worse than a slush ball to the side of the head — a rock to the side of the head.

GEMINI (May 21 to June 20) Some people are so ugly as to be interesting. You're not interesting.

CANCER (June 21 to July 22) When someone says your makeup looks like it was applied by a undertaker, it's not a complement.

LEO (July 23 to Aug. 22) The stars say you may get a death threat this week, and I approve.

VIRGO (Aug. 23 to Sept. 22) Hey, I know you! It took me a moment because I've never seen you when I wasn't screaming.

LIBRA (Sept. 23 to Oct. 22) You have a shapely figure. After all, a circle is a shape. By the way, so is a trapazoid.

SCORPIO (Oct. 23 to Nov. 21) A shadow should not be afraid of its caster. You must be extremely scary, Vlad.

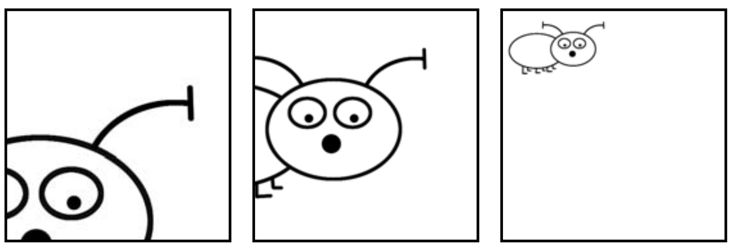
SAGITTARIUS (Nov. 22 to Dec. 21) If knowing is half the battle, I believe you are going to lose the war — you have no weapons.

CAPRICORN (Dec. 22 to Jan. 19) Being an illiterate in seven languages does not make you more international, it makes you a sevenfold idiot.

AQUARIUS (Jan. 20 to Feb. 18) Everyone I've met has only good things to say about you. So, when did you change?

PISCES (Feb. 19 to March 20) When you get the CAT scan on your brain this week, tell them to use maximum resolution. Little things are hard to see, ya know.

BUG!



The Horizon

The week of Oct. 29, 2007

'On a long enough timeline. The survival rate for everyone drops to zero.'

– Chuck Palahniuk

Weekly Budget
