

**MathXL** is an interactive website where you will be able to:

- \* Take practice quizzes (sample tests) and do exercises to improve your math skills
- \* Monitor your progress with a personal *Study Plan* created from the results of your quizzes
- \* Complete online homework assignments and tests that may be required for this course

**What you need to get started:**

- \* A computer running Windows 95 or higher
- \* Access to the **Internet Explorer** browser
- \* Your MathXL "**Course Name**"
- \* An Internet Connection
- \* Your **Student Access Code**
- \* A valid email address

The MathXL "**Course Name**" for this class is **M110 - BONACCI SUMMER 2009**

**How do I register for MathXL?**

- 1) Go to [www.mathxl.com](http://www.mathxl.com) & click the **Register** button.
- 2) Register **only once** using the personal **Student Access Code** that came with your textbook.
  - Our School Zip Code is: **47150**
- 3) Next enter your account information, including:
  - a valid email address
  - School name: **Indiana University Southeast**
- 4) Next create your own access information:
  - Create a **login name** (not too simple or you may have to try again).
  - Create a **password** and type it in twice.
  - Your LOGIN is: \_\_\_\_\_ Your PASSWORD is: \_\_\_\_\_
  - Answer one of the security questions so there is a way to retrieve a forgotten password
  - Click **Submit**. (You will receive an email confirming your login name and password.)
- 5) Return to [www.mathxl.com](http://www.mathxl.com):
  - Enter your new **login name** and **password**.
  - Click the **Log In** button.
  - Click the **Enter MathXL** button.
- 6) Now you need to register in your MathXL Course:
  - School: **Indiana University Southeast**
  - Instructor/Course: Professor Name: Course Number - Section Number - Semester (**SUM09**)  
(Refer to the "**Course Name**" at the top of this page)
  - Make sure the picture of the textbook is correct and then click **Submit**.
- 7) The Installation Wizard will now appear on the screen.
  - Make sure you install the **MathXL Player** from screen 3 (and any other players or plug-ins you may need).
  - Close all your open browser windows and then restart your Internet browser.
  - Log back into MathXL at [www.mathxl.com](http://www.mathxl.com). You are now ready to begin!

**Please remember that you must install the required plug-ins from the Installation Wizard on every computer where you plan to work in MathXL.**

**If you require technical assistance you can call MathXL Student Support at 1-800-677-6337.**
