**We** are called the Indiana University Multi-Cultural Student Union.

Our purpose is to provide a forum for all culturally diverse students to provide support, discuss and resolve common concerns, and plan social and educational activities for all diverse students on campus.

In addition to providing a general forum for minorities, we plan a number of different cultural, educational and social events during the school year.

Any IU Southeast student is eligible for membership as well as people who are not students of IU Southeast that have a genuine concern for multicultural affairs at IU Southeast. In order to look

after your needs, we need your help. We need your ideas and your input as to how we may best aid you in achieving your educational goals.

If you have problems, you may not be alone. Other students may have the same problems. Working together, we may be able to help solve the problem faster.

Additionally, the union acts as a liaison with the university. We need to know how you feel about issues. The union exists to serve your needs. Join us so that we may all help one another.

Joining does not require anything special, just purchasing an organization tee shirt.

Each member needs to possess the desire to improve our educational setting by developing and sustaining a supportive learning environment.

If you want to join or would just like to find out more about us, stop by our office in the Student Involvement Center during office hours or come to any of the events we sponsor during the year.

Of course, you may contact any

Multicultural Student Union officer or our advisor for information on joining.

It's all up to you...

**Recruitment**

**Multicultural Student Union**

To all students:  
MSU is looking for new members who are motivated and goal oriented. We need a diverse group to help bring new ideas and activities to the campus. If you want to join or just have questions come by our office in the student involvement center, OOLA.

You can also reach us through our email [MSU2007@IUSEDU](mailto:MSU2007@IUSEDU) or [soavoice@ius.edu](mailto:soavoice@ius.edu).  
We look forward to working with everyone.
