

Student Instructions for MathXL Registration and Login

Before you go online to register be sure you have:

- A valid **e-mail address**
- A **student access code**, which should have come packaged with your textbook
Sample: WSMXL-TAROK-THOLE-PICON-SHRIK-PRAWN

If you are using a computer off campus (at home or work) you will need to have administrative access so you can install the necessary plug-ins, and be connected to the internet. (If you're not sure your computer meets the system requirements, go to www.mathxl.com/system.htm, visit the MathXL Installation Wizard in your course, or contact tech support at 1-800-677-6337).

If you are using a computer on campus the necessary plug-ins may already be installed in the lab. If you aren't sure, check with the lab coordinator or your instructor.

Instructions:

1. Launch Internet Explorer. *If you are off campus and using AOL to connect to the internet you will need to minimize AOL and then launch Internet Explorer*

NOTE: Your MathXL course may be available on both PC and Mac platforms, using Internet Explorer, Firefox, and Safari. Check with your instructor for more information.

2. If necessary, clear the address field and enter www.mathxl.com.
3. Click the **Register** button if you are a first time user AND have your access code.

The screenshot shows the MathXL website interface. At the top is the MathXL logo and a navigation menu with links for Product Info, Books Available, Success Stories, Tours & Training, News & Events, and Support. Below the menu is a banner image of students working at computers. The main content area is divided into three sections: 'First Time User?' with a 'Register' button (highlighted by a red arrow), 'Established User?' with fields for 'Log In Name' and 'Password' and a 'Log In' button, and 'MyMathLab User?' with a 'MyMathLab Log In (Backdoor)' link. There is also a 'Buy Now' button for users without an access code. A 'What's New' section at the bottom left lists 'New Features for Summer 2008' and 'News and Events'. A quote at the bottom reads: 'My students have a much better learning experience when they complete their homework in MathXL. The

4. If you are buying access with a credit card, click on **Buy Now** and the on-screen instructions will guide you through the purchase process.

- Please read all information in the License Agreement and Privacy Policy. Click on **Accept** if you agree to the terms.
- On the Access Information Screen, you'll be asked whether you already have a Pearson Education Account.

14. When your registration process is complete you will see a confirmation screen.

Congratulations – You have successfully registered for your MathXL course!

15. Print the Confirmation & Summary page so you will have a record of your login name and the email address used for your account. Be sure to keep the email confirmation sent to you.
16. Click **Log In Now** to reach the MathXL login page. Enter your login name and password and click on **Log In**.
17. On the Welcome to MathXL screen, click on **Enter MathXL**.
18. The very first time you log in you will need to Enroll in a New Course. Select **I am taking a course that is using MathXL, and need to enroll in my instructor's course**. Drop-down lists will appear on the screen to enable you to choose your instructor and your course.

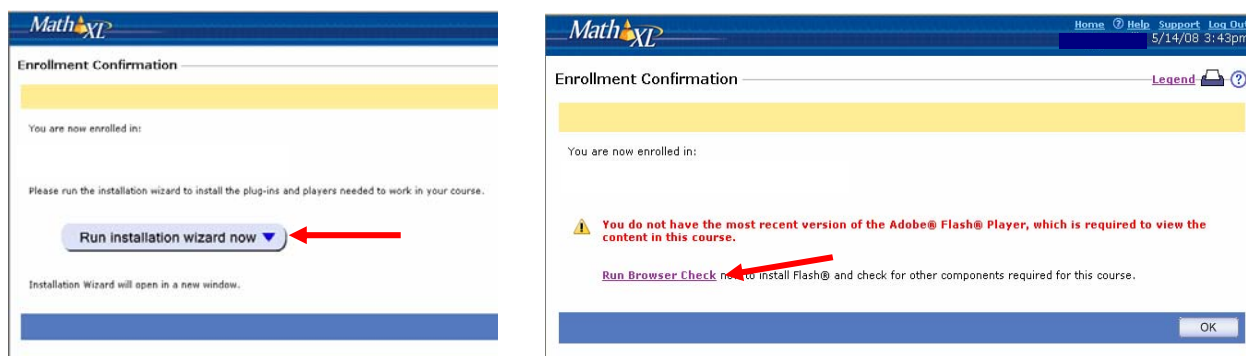

If you are using MathXL on your own, select **I am studying on my own, and need to choose a textbook**. You'll be given the option to search by list of books, author, or title, to identify the text you wish to study in.

19. Verify your school name appears above the drop-down lists. If not, click on *Choose different school...* to select your school.

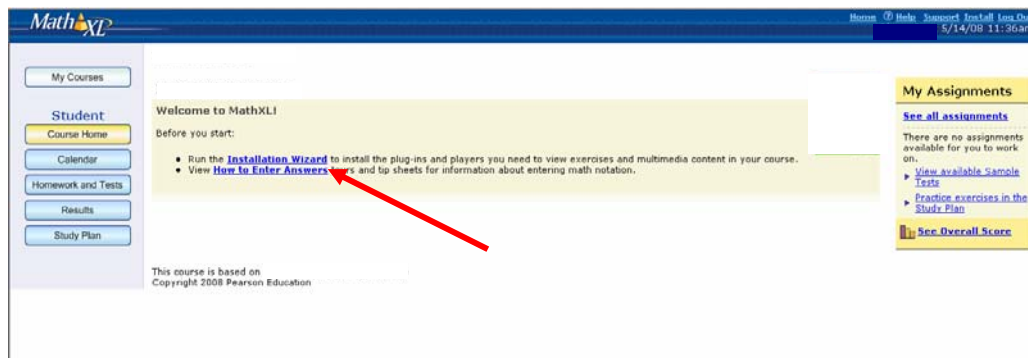

20. Using the drop-down lists, choose your instructor and your course. Click on **Enroll**.
If you do not see your instructor's name or your course, contact your instructor.

21. The **Enrollment Confirmation** screen will show you the course you have enrolled in and prompt you to run the Installation Wizard or Browser Check.

Important! If you are using a computer *off campus* and logging into MathXL for the first time, you must click on **Run Installation Wizard now** or **Run Browser Check**.

22. Depending on your course, the Installation Wizard or Browser Check will detect and then help you install the plug-ins and players you need to access the math exercises and multimedia content in your MathXL course. Follow the screen instructions to complete this process. After completing the installation process and closing the wizard you will be on your course home page and ready to begin exploring your MathXL course.

23. Click the **How to Enter Answers** link to learn how to enter answers when working in MathXL.

24. If you need help, contact the student technical support team at **1-800-677-6337**, or visit www.mathxl.com and click on the **Support** tab for more information. To access online help, click on the **? Help** link at the top right of your screen.

25. When returning to work in MathXL, go to www.mathxl.com and log in using your login name and password.

26. **Important!** You will access your MathXL course from this site, so be sure to **bookmark this page!**
